NOVEMBER PRICE INCREASES.

Dear customer,

Given the current market conditions we know how important it is that you are provided with advanced notice of any significant price changes. We are therefore advising you of some price increases on products that are planned to come into effect on 1st November 2022.

As always, we are working hard behind the scenes with our suppliers to minimise all increases but we wanted to let you know the current projected increases to allow you to plan accordingly.

Product Category	Price Increase
DPC/DPM	Up to 5%
Concrete fencing	Up to 4.5%
Concrete lintels	Up to 4.5%

Please note, the above increases do not apply to all products within the categories and only highlight the most relevant price increases.

Why we're increasing our prices.

Unfortunately, our suppliers are continuing to experience extreme cost price inflation. As with previous months, the areas of this inflation remain very much unchanged and include, but are not limited to, the increases in cost of; energy (electricity, gas, fuel), packaging, transport and the cost of raw materials.

Profit Checker.

Using the Build Aviator estimating service not only saves you time and helps you win more work but also ensure you stay on budget through the build. Once you've won the job after using Build Aviator the Build Kick-Off process begins for free. Closer to the build start date, Build Aviator will make sure any new information is put into the new estimate and update it with the latest material prices so you can see any difference in profit. A Comparer report detailing this will be generated to help you have that conversation with your client.

Keeping up to date.

To keep up to date with any other price increases and product availability, please visit our dedicated supplier updates page here: www.jewson.co.uk/supplier-updates

If you'd like to talk to us about anything we've included within this letter, please get in touch with your local branch.

We look forward to continuing to work with you.

Yours Sincerely,
Jewson
