TIMBER PRICE INCREASES.

Dear customer,

Given the current market conditions we know how important it is that you are provided with notice of any significant price changes. We are therefore advising you of some price increases on timber products that you have purchased previously. The below increases will come into effect on August 1st 2021

Product Category	Price Increase	Product Category	Price Increase
Imported KD Graded Carcassing	20%	MDF Mouldings	13%
Imported CLS	18%	Hardwood Plywood	5%
BS5534 Batten	18%	Constructional Softwood Plywood	10%
Type A Batten	18%	Chipboard	15%
Scaffold Boards	15%	MDF	20%
Machined Softwood	15%	OSB	30%

Please note, the above increases do not apply to all products within the categories and only highlight the most relevant price increases. These timber increases are applicable to branches in Scotland, prices in England and Wales may vary.

Why we're raising our prices

Unfortunately, the timber market remains very much unchanged. The price of timber is continuing to fluctuate as a result of the ongoing increase in worldwide demand. As we have mentioned previously in these announcements, other markets around the world are willing to pay higher prices for timber products which results in the UK market having to pay more for the reduced amount of supply left available.

To keep up to date with any other price increases and product availability, please visit our dedicated supplier updates page here: www.jewson.co.uk/supplier-updates

If you'd like to talk to us about anything we've included within this letter, please get in touch with your local branch.

We look forward to continuing to work with you.

Yours Sincerely,

Jewson
